Gathering

Peer Advisory
Board

DETAILS

Slack messenger platform allowing for immediate support in barriers to services

Community of practice with intersecting groups to promote collaboration and rapport building to facilitate seamless connections to care.

Seasoned professional peer recovery supporters, leaders in their own recovery communities, who will be called upon to participate in groups and coalitions trying to solve problems and create programs.

OUTCOME

- There are 246 current members of the priority care chat with 8-11 average daily conversation threads.
- The OTFL meetings started in November of 2019 and have held 64 meetings as of March 2023 with an average of 46 participants at each meeting.
- Creation of Peer Sustainability & Wellness group as an open forum for peer supporters to process.

ON THE
FRONT LINES
ALLIANCE

The On The Front Lines (OTFL) group is a community of practice focusing on a foundation of peer support; when people share common concerns or problems and provide emotional support and coping strategies to manage problems and promote personal growth.

- HANNAH SCHILLING, FOUNDER

Most impact reports contain a section that acknowledges the contributions of the people who worked tirelessly on the projects mentioned within.
